

GREENLEE COURTS' INFORMATION TECHNOLOGY STRATEGIC PLAN UPDATE 2014-2016

Commission on Technology
Analysis, Review, and Approval
September 13, 2013

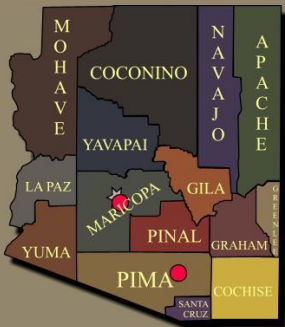

General ITSP Background

- ▶ Collected updated **IT initiatives, projects, and inventories**
 - Focused on **project lifecycle and alignment** information
 - Inventory relied largely on ACAP **post-refresh** numbers
 - Updated some **statewide projects'** impact information
- ▶ Focused on **out-of-support** operating systems, office productivity tools, and database management tools remain widespread **slowly being slowly addressed over time**
 - **Gaps will widen** as EA targets get updated again next year
- ▶ Reviewed both **notable accomplishments and issues** discovered, and requested approval for each plan

GREENLEE COUNTY COURTS

- ▶ Implemented creative solutions to local staff retention and resource problems
- ▶ Joining statewide remote court reporters project
- ▶ Pursuing integration with county justice partners to eliminate re-keying
- ▶ Continuing to improve physical security in courthouses
- ▶ Began providing electronic files for visiting judges
- ▶ Justice courts' **financials in Microsoft Money**; data outside AZTEC **will not be converted** to LJ CMS
- ▶ Very little LJ court input to plan

Recap of Previous Discussion

- ▶ **MS-Money** shown in software inventory prompted spirited discussion among members about its obsolescence and lack of support
- ▶ **MS-Money** appeared in previous inventory two years prior
- ▶ Members felt a firm stance needed to be taken
- ▶ Approval of Greenlee's plan was **tabled** pending plan for replacement of the software

Steps Taken Since June 7

- ▶ Justice Bales **communicated** COT's concerns about risks with MS-Money and help available to Presiding Judge Stauffer
- ▶ Court administrator **researched** actual use
 - Determined software inventory list was outdated
- ▶ Greenlee submitted a **corrected** plan July 3
- ▶ Summary **revised** and **reposted** for consideration today

MOTION

- ▶ **Approve** the revised Greenlee Courts Information Technology Strategic Plan as submitted July 3, 2013
